SPEED DISPLAY

Hire or buy mobile 5 colour VMS-C from MVIS for use on all roads – particularly where speeds are greater than 50mph. Versatile, easy to set up and operate and with a fully autonomous solar charging system, the portable message board will operate continually under recommended operating conditions.

VMS-C has a single plug and play controller that houses its leading technology offering a range of features and functions not available from any other mobile VMS. Programming is via SMS, direct serial connection, Wi-Fi enabled Apple app or through our live web-based interface.
