KEY FEATURES

- 1080p HD
- 15 Frames per second
- Solar Powered
- Compact Base
- 6x Digital Zoom
- 10 Metre Night Vision Range
- 3M Mast
- 355° Pan
- 140° Tilt

Our clever outdoor surveillance camera boasts an ultra-wide viewing angle of 355° pan & 140° tilt and connects through Vodafone 4G.

Offering 1080p HD at 15 frames per second and a 6x Digital Zoom, this camera performs well for a range of applications, made even more impressive by the 10m night vision range.

When combined with our solar powered compact base, the applications of the CCTV camera are much more enhanced.

With a small footprint, this unit can be deployed in many locations where competing solutions can't be, enabling you to have eyes on the ground in places where it may be dangerous or where there is limited space

Being solar powered makes the unit even more versatile, preventing the need for an external power source and offering extended run times in recommended conditions.

Our compact base offers the camera not only portability, but also a 3M mast, allowing users excellent visibility when used in conjunction with the camera's pan, tilt and zoom functions. With hidden cabling, this unit is secured against vandalism or accidental damage and can be easily moved to the client's requirements.
